MEMORANDUM FOR: Assistant Director, Research and Reports ²
Assistant Director, Scientific Intelligence ³
Assistant Director, Collection and Dissemination ³
Assistant Director, Current Intelligence ²
Assistant Director, National Estimates ²
Assistant Director, Operations ⁴
Assistant Deputy Director, Inspection and Security ¹

SUBJECT: Procedures for Dissemination of Finished
Intelligence to Foreign Governments

1. National Intelligence. The procedure for the implementation of the revision of NSCID-1 with respect to the dissemination of national intelligence to foreign governments has been set forth in IAC-D-45/2. Proposals for release are submitted to the Secretary of the IAC for referral to the IAC members for concurrence. In the event of the nonconcurrence of any IAC member the issue is placed on the IAC agenda. Proposals for new disseminations and a record of proposals cleared will be found in the IAC-D-45 series and in the IAC Progress Reports, respectively.

2. Non-National Intelligence. The following procedures will apply in the dissemination by CIA of non-national finished intelligence to [REDACTED]. In part, these procedures are in implementation of Regulation No. [REDACTED] and other directives insofar as they pertain to finished intelligence. At a later date it may be desirable to issue a CIA regulation in the [REDACTED] series to cover these and similar problems. No change is intended in the current authorized exceptions to the dissemination responsibility of AD/CD with respect to [REDACTED] (CIA Regulation No. [REDACTED] nor is any change intended in any existing procedures for dissemination of such excepted material [REDACTED].

a. Finished intelligence produced in CIA which does not contain an oral or written contribution from another agency of such significance as to require noting and which does not indicate or warrant the concurrence or dissent of another agency, is clearly non-national intelligence.

b. It is the responsibility of the producing office to recommend to OCD what finished intelligence should be sent to which foreign government(s).
